 Living Carmarthenshire
 reducing our carbon footprint

Timetable for Byw Sir Gâr Ferryside – November 2009

During the month of November we want to work with Ferryside to help you understand the impact our lifestyles are having on the planet, to help you reduce your carbon footprint and emissions, and tackle climate change.

We will be doing this by promoting five themes:

1. saving energy
2. saving resources
3. travelling wisely
4. shop locally and ethically
5. caring for you area and biodiversity

We will also be helping the community of Ferryside to:

- Understand their households' impact by working closely with 20 homes
- Explore and establish a local food cooperative
- Promote the community allotments and community composting scheme
- Think about having a greener Christmas!

The campaign will be launched on the 1st & 2nd November. Please feel free to attend as many of these events as you are interested in!
